

**Oxygenetix**

Oxygenetix is a breathable foundation / camouflage designed to help heal and conceal a wide variety of skin conditions. Founded in Beverly Hills, Calif., Oxygenetix is used daily on and off the set by Hollywood's elite. This post-procedure cover-up reduces and eliminates social downtime following aesthetic procedures – the main reason many patients choose not to proceed with laser, peel, needling or dermabrasion treatments – thereby increasing your consultation to procedure conversion rate.

**Oxygenetix Institute, Inc.: 888-500-1672 or visit [www.oxygenetix.com](http://www.oxygenetix.com)**

**LightPod Neo**

Aerolase 650 ms laser technology offers a new approach for highly effective, long lasting results for treating active acne including problematic conditions such as nodulocystic acne and acne conglobata. This new treatment option offers an efficacious solution for patients who have not been able to use or have not responded to traditional therapies. Aerolase laser technology allows immediate results, is uniquely gentle and sanitary, and offers maximum versatility for both adolescent acne and adult acne.

**Aerolase: 914-345-8300 or visit [www.aerolase.com](http://www.aerolase.com)**

**Crystal Clear Digital Marketing**

Crystal Clear Digital Marketing offers a complete digital marketing system: from search engine optimization, search engine marketing, social media engagement, websites, email marketing, mobile and text marketing, patient relationship management and so much more. Crystal Clear does most of the work so local practices don't have to.

**Crystal Clear Digital Marketing: 888-611-8279 or visit [www.crystalcleardm.com](http://www.crystalcleardm.com)**

**Votiva**

The Votiva workstation offers immediate results, with continued improvements over time. FormaV is a non-invasive, sub-dermal heating technology that applies comfortable and uniform RF heating to the internal vaginal tissue and external vulvar laxity or labial hypertrophy. FractoraV uses customized fractional RF energy to improve a range of issues from superficial skin tone problems to deep concerns through resurfacing. The bipolar RF treatment allows clinicians to accurately treat a targeted zone for a precise non-invasive treatment.

**InMode: 855-411-2639 or visit [www.inmodemd.com](http://www.inmodemd.com)**

**CENTRIcyte 1000**

The CENTRIcyte™ 1000 is an all-in-one device that simplifies the isolation of cells from all tissue sources and consistently generates 50% to 60% higher yields when compared to competitors using the same sample volume.

**Healeon Medical: 805-499-7482 or visit [www.healeonmedical.com](http://www.healeonmedical.com)**

**BOTOX Cosmetic**

BOTOX® Cosmetic is FDA approved to temporarily improve the appearance of both moderate to severe frown lines between the brows and crow's feet lines in adults. BOTOX Cosmetic has a record of experience that aesthetic specialists know and trust. In addition, the safety and efficacy of BOTOX Cosmetic have been evaluated in both Allergan sponsored clinical trials as well as in 417 peer-reviewed articles in scientific and medical journals.

**BOTOX Cosmetic: 800-433-8871 or visit [www.botoxcosmetic.com](http://www.botoxcosmetic.com)**

**Advice Media**

Advice Media is a leader in online digital marketing for medical practices. We offer beautiful websites and proven marketing through SEO, social media, review management and paid search so that we are the last company you will need.

**Advice Media: 800-260-9497 or visit [www.AdviceMedia.com](http://www.AdviceMedia.com)**

**BTL Vanquish ME**

Further improving on its patented non-invasive Vanquish technology to reduce stubborn fat around the midsection, BTL Aesthetics introduces its newly engineered BTL Vanquish ME (Maximum Energy). This latest iteration takes body contouring to the next level with increased tuning performance, more concentrated thermal energy and less scatter to non-fatty tissue than previously possible. The result is a more homogeneous heating leading to higher overall temperature elevation. A large spot size is designed to treat the whole abdomen from flank to flank during one session.

**BTL Industries: 866-285-1656 or visit [www.btlaesthetics.com](http://www.btlaesthetics.com)**

**Epionce Daily Shield Lotion Tinted SPF 50**

The new Epionce Daily Shield Lotion Tinted SPF 50 sunscreen provides sheer broad spectrum protection that evens out skin tone while imparting a natural-looking healthy glow. Perfect for all skin types – even sensitive skin – this very water resistant formula is enhanced with botanical ingredients for antioxidant benefits. Epionce Daily Shield Lotion SPF 50 is ideal for daily use alone or under makeup to provide optimum protection from UV exposure.

**Epionce: 866-EPIONCE (374-6623) or visit [www.epionce.com](http://www.epionce.com)**

**BuildMyBod Health**

BuildMyBod Health allows consumers to check pricing on healthcare services, but only after providing their contact information – a lead for the physician. Through the BuildMyBod iPhone app, BuildMyBod.com or a Price Estimator on the practice website, the physician can capture more leads than ever with this first-of-its-kind, price transparency-lead generation platform. Weed out price shoppers and save time for your front office staff!

**BuildMyBod Health: 415-871-0322 or visit [www.buildmybod.com](http://www.buildmybod.com)**

**Eclipse PRP**

Eclipse PRP® is a proprietary autologous platelet-rich plasma (PRP) retrieval system based on blood separation according to density, using a proprietary separation gel. The PRP platform is available with an 11 mL PRP collection tube or 22 mL high-concentration collection tube. This system allows for the preparation of pure PRP with optimal platelet concentrations and cellular content. Virtually, all red blood cells (RBC) are eliminated from the PRP and the concentration of pro-inflammatory granulocytes (GRs) is highly reduced. The entire preparation process takes less than 20 minutes. FDA 510(k) number BK110035.

**Eclipse Aesthetics: 800-759-6876 or visit [EclipseMed.com](http://EclipseMed.com)**

**Envy Medical**

Envy Medical was born out of a demand for safer alternatives to treating today's greatest skin concerns. Dermalinfusion treatment technology, and a concise range of daily at-home skincare products, support the high standards of industry professionals while maximizing patient satisfaction with visible results. Envy Medical's products are powered by ingredient discoveries including Lumixyl® peptide, the tyrosinase-inhibitor researched and developed by Stanford University that is clinically-proven to safely address, control and prevent hyperpigmentation. Choose Envy Medical for results that retain patients and build your practice without compromising skin's delicate balance.

**Envy Medical: 888-848-3633 or visit [www.envymedical.com](http://www.envymedical.com)**

**Bellafill**

Bellafill dermal filler is clinically proven and established as safe and effective for the correction of nasolabial folds and the correction of moderate to severe, atrophic, distensible facial acne scars on the cheeks in patients over the age of 21 years old. The smooth collagen-based injectable gel is comprised of 80% purified collagen-gel and 20% polymethylmethacrylate (PMMA) microspheres that offer highly effective results.

Suneva Medical: 888-278-3345  
or visit [www.sunevamedical.com](http://www.sunevamedical.com)

**Soprano ICE**

The Soprano ICE laser hair removal platform combines three wavelengths in a single system – 810 diode, 755 Alex and 1064 Nd:YAG – allowing practitioners to treat the widest range of patients and hair types all year round. It is FDA cleared for skin types I-VI and tanned skin. Based on clinically-proven SHR technology, the award-winning Soprano ICE enables you to administer treatments quickly and comfortably. With more than seven years of clinically-proven effectiveness, Soprano ICE users are able to provide the best possible clinical results for their patients.

**Z Wave**

The Zimmer Z Wave constitutes the latest development in the treatment of cellulite. Utilizing soft pulse technology to enhance patient comfort, it delivers mild, consistent sound wave therapy to the target area over a series of treatment sessions. The Z Wave is FDA cleared for the temporary reduction of the appearance of cellulite. Typical patient treatment time is 3-4 minutes per body zone.

Zimmer MedizinSystems: 800-327-3576 or visit [www.zimmerusa.com](http://www.zimmerusa.com)

**Growth Factor Induced Therapy (GFIT) with AQ Recovery Serum**

The AQ Recovery Serum contains our highest concentration of natural growth factors, proteoglycans and glycosaminoglycans. Recovery Serum is designed to enhance the skin's natural process of regeneration by promoting collagen production, supporting healthy circulation and encouraging cellular renewal. The serum is ideal for post-operative care and post-spa procedures, as well as a wrinkle-reduction agent used in conjunction with modalities such as microneedling (AQ GFIT).

AQ Skin Solutions: 949-698-9649 or [www.AQskinsolutions.com](http://www.AQskinsolutions.com)

**Collagen P.I.N.**

Collagen P.I.N. is a new innovation in advanced collagen induction therapy that introduces a controlled wound into the skin triggering the release of natural growth factors, new collagen and elastin. Automated microneedling causes less damage to the epidermis than dermal rolling, laser or other ablative treatments. Utilizing Collagen P.I.N. with our Induction Therapies clean, clinical products (specifically designed for use post microneedling) minimizes complications and provides quicker healing and longer lasting results. More needles. More power. More depth. More collagen.

**Clinicians Complex Skin Bleaching Cream**

Clinicians Complex 6% Skin Bleaching Cream is designed to help lighten skin discoloration and pigmentation, combining a blend of hydroquinone, kojic acid dipalmitate and arbutin. Hydroquinone is a proven ingredient for lightening/brightening of age spots, brown spots, melasma and other skin discolorations or pigmentation problems. Kojic acid dipalmitate is an improved form of kojic acid, and has the ability to help reduce the activity of tyrosinase in human skin, thus inhibiting melanin formation. Arbutin represents an important advancement in the category of skin lightening agents with its primary mechanism also involving tyrosinase inhibition. The formula also contains vitamins C & E.

**Practice Profitability MD**

Do you need your staff to be more engaged and energetic? In the PracticeProfitabilityMD.com online course, Dr. Rich Castellano shares how he generates over \$3 million per year in cosmetic revenue. This training is a fresh, exciting and captivating solution, assisting plastic surgeons and aesthetic physicians in rekindling passion, building resilience and avoiding burnout and staff turnover. This award-winning system teaches simple, yet highly effective tools and techniques for rapidly improving management and marketing effectiveness.

**Practice Profitability MD: 813-422-8444 or visit [www.PracticeProfitabilityMD.com](http://www.PracticeProfitabilityMD.com)**

**Viveve System**

The Viveve® System is a non-ablative device that remodels soft tissue in a single, 30-minute procedure. This system uses patented cryogen-cooled, monopolar radiofrequency (CMRF) technology to create a reverse thermal gradient that penetrates deep tissue while protecting surface layers.

**Viveve, Inc.: 720-696-8100**  
or visit [www.viveve.com](http://www.viveve.com)

**DefenAge Clinical Power Trio**

A comprehensive multicenter clinical study shows that DefenAge's core skincare regimen (exclusive ingredient Age-Repair Defensins®) addresses visible signs of skin aging on a global scale (randomized, placebo/vehicle-controlled, double-blinded study; 44 participants). This wide-ranging visible improvement of aging skin was confirmed by multiple advanced methods of evaluation of skin conditions including histopathology and high-resolution skin ultrasound. The study was performed by Amy Forman Taub, M.D. (PI), Vivian Bucay, M.D. and Gregory Keller, M.D.

**DefenAge Skincare: 888-368-5372 or visit [www.DefenAge.com](http://www.DefenAge.com)**

**VECTRA H1**

VECTRA H1 is a flexible, high quality 3D imaging solution that can be used in any location for a wide-range of purposes. Face Sculptor software provides aesthetic simulation tools for facial contouring, skin rejuvenation, rhinoplasty, chin augmentation and more. Analytic tools enable measurements of volume and contour plus visualization of texture, vascularity and pigmentation. VECTRA H1 software enables automatic stitching of multiple captures into a single, high resolution 3D image.

**Tensage Stem Cell Cream & Eye Cream**

Skincare's only stem cell activator, Tensage Stem Cell Cream and Eye Cream, feature CellPro Technology, a unique ingredient containing signaling proteins extracted from the eggs of the *Cryptomphalus aspersa* snail, in an exclusive, patented process. Clinically proven to assist the natural activity of stem cells, Tensage Stem Cell utilizes this new metabolic pathway to replenish skin cells, reinforce skin's integrity and restore radiance, firmness, smoothness and a more youthful appearance.

Biopelle, Inc.: 866-424-6735 or visit [www.biopelle.com](http://www.biopelle.com)

**Halo**

Halo is the world's first Hybrid Fractional Laser that delivers a non-ablative and ablative wavelength to the same microscopic treatment zone. Combining these two wavelengths creates a strong synergistic effect, resulting in ablative results with non-ablative downtime. The non-ablative wavelength of 1470 nm is tunable from 200 to 700 microns, the optimal depth for treating the epidermis and papillary dermis. The 2940 nm Er:YAG laser provides pure ablation with no bulk heating, tunable from 20 to 100 microns.
